

Question Number	Section	Subsection	Question	Input Type
Organization Profile				
1	Organization Profile	Contact Information	Organization Name	Short Text
2	Organization Profile	Contact Information	Contact Name	Short Text
3	Organization Profile	Contact Information	Contact Email	Short Text
4	Organization Profile	Contact Information	Contact Phone Number	Number
5	Organization Profile	Contact Information	Organization Website	Short Text
6	Organization Profile	Basic Information	Please indicate the type of organization submitting this application.	Radio button
7	Organization Profile	Basic Information	FCC Registration Number (FRN)	Short Text
8	Organization Profile	Basic Information	Please provide the UEI number associated with the applying organization on SAM.gov.	Short Text
9	Organization Profile	Basic Information	Please provide your MAGIC Vendor ID number of the applying organization.	Number
10	Organization Profile	Basic Information	Please provide proof of documentation/registration with the Mississippi Secretary of State's Office	Upload
11	Organization Profile	Grant Eligibility	Is the applying entity currently delinquent on any federal debt?	Radio button
12	Organization Profile	Grant Eligibility	Please confirm the applying entity is aware that equipment from prohibited manufacturers under 2 CFR § 200.216 is ineligible for grant funding.	Radio button
13	Organization Profile	Grant Eligibility	Has there been any turnover in key personnel who will be responsible for the program or oversight of the program in the past 3 years?	Radio button
14	Organization Profile	Grant Eligibility	Has the applicant ever been disqualified from receiving federal, state, or local broadband grants for failure to meet deployment milestones or otherwise failure to satisfy funding obligations?	Radio button
15	Organization Profile	Grant Eligibility	Does the applying entity have managed Wi-Fi experience?	Radio button
16	Organization Profile	Grant Eligibility	Describe the applicant's managed Wi-Fi experience.	Long Text
17	Organization Profile	Grant Eligibility	Has the applicant entered markets lacking access to Wi-Fi?	Radio button
18	Organization Profile	Company Experience	Describe the applicant's current service area.	Long Text
19	Organization Profile	Company Experience	Upload the applicant's existing network diagram.	Upload
20	Organization Profile	Company Experience	Describe the applicant's existing network.	Long Text
21	Organization Profile	Company Experience	Does the applicant use internal or external teams to build and operate the applicant's networks?	Radio button
22	Organization Profile	Company Experience	Size of existing construction and operations team	Short Text
23	Organization Profile	Company Experience	Expected size of team managing grant requirements and project if grant is awarded	Short Text
24	Organization Profile	Company Experience	Historical Financial Statements (Previous 3 Years)	Upload
25	Organization Profile	Company Experience	Is the applicant in a public-private partnership?	Radio button
26	Organization Profile	Company Experience	Has the applicant ever been awarded a federal or state grant that requires awardee to use federal and state procurement guidelines?	Radio button
27	Organization Profile	Company Experience	Provide policies and procedures for managing federal awards, including but not limited to the following: - Record Retention - Federal procurement - Financial Management - Asset Management/Property Standards - Etc.	Long Text
28	Organization Profile	Company Experience	Has the applicant withdrawn or been removed from a federally funded program following the execution of a grant agreement?	Radio button
29	Organization Profile	Company Experience	Has the applicant been issued a corrective action plan or notice of noncompliance under a past/current federal award?	Radio button
30	Organization Profile	Company Experience	Has the applicant incurred delays under the environmental assessment process on past/current federal funded projects?	Radio button

31	Organization Profile	Company Experience	Has the applicant missed any relevant deadlines pertaining to past or current federal awards provided to you?	Radio button
32	Organization Profile	Company Experience	Upload any Single Audit reports or Program Specific Audits the applicant has engaged an Independent Auditor to perform in the past three years.	Upload
33	Organization Profile	Company Experience	Were any findings documented in the Single Audits or Program Specific Audits?	Radio button
34	Organization Profile	Company Experience	Provide description of findings and the corrective actions taken to resolve the findings/mitigate occurrence in future.	Long Text
Project Area				
35	Project Area		Applicant will be required to define on a map the area impacted by the project. Applicants can either manually draw (circle), upload a shapefile, or select the region.	Upload
High Level Design				
36	High Level Design		Applicant will be required to upload high level design documentation based on a supplied template. Sufficient detail for high level designs include, but are not limited to, the following information: File: Backhaul kmz; File: Expected coverage area; File (optional): Propagation model.	Upload
Project Scope				
37	Project Scope	Details	Has the project in the proposed application already begun construction?	Short Text
38	Project Scope	Details	Have costs been incurred by the applicant prior to submission of this application for this project that are planned to be reimbursed if funded?	Radio button
39	Project Scope	Details	How much in costs have been incurred by the applicant to date on the proposed project?	Number (Currency)
40	Project Scope	Details	Please specify what type of broadband construction is being proposed for the applicant's project.	Radio button
41	Project Scope	Details	Please provide a brief executive summary of the applicant's project. Include an explanation of why grant funding is necessary for the project.	Long Text
42	Project Scope	Details	Please provide a description of the proposed project's geographical coverage.	Long Text
43	Project Scope	Details	Please provide a description of the major infrastructure to be deployed in the proposed project.	Long Text
44	Project Scope	Details	What type of entity will own the network?	Short Text
45	Project Scope	Details	What type of entity will operate the network?	Short Text
46	Project Scope	Details	Have all applicable permits required by the plan been secured?	Radio button
47	Project Scope	Details	Describe the plan for obtaining all necessary permits.	Long Text
48	Project Scope	Details	Provide permits obtained related to the proposed project.	Upload
49	Project Scope	Details	Have all necessary rights of way and easements been acquired?	Radio button
50	Project Scope	Details	Please describe the applicant's plan for obtaining the necessary rights of way and easements.	Long Text
51	Project Scope	Details	Provide rights of way and/or easements obtained related to the proposed project.	Upload
52	Project Scope	Details	Have all environmental review requirements been identified that are necessary for the proposed project to begin construction?	Radio button
53	Project Scope	Details	Please describe how the proposed project will promote job growth or retention, expand the property tax base or improve the overall economic vitality of the municipality or region.	Long Text
54	Project Scope	Speeds	1. How many expected users can the proposed project serve? 2. How many simultaneous users can the proposed project serve? 3. What speeds can be reliably provided based on the maximum number of simultaneous users?	Short Text
55	Project Scope	Speeds	Will the plan meet a service level of 100 Mbps download and 20 Mbps upload to the areas where 100/100 Mbps is not achievable?	Radio button
56	Project Scope	Speeds	Please upload documentation justifying why 100 Mbps symmetrical would not be practical to the entire area in the plan.	Upload

57	Project Scope	Management	Please upload a Gantt chart for the proposed project.	Upload
58	Project Scope	Management	Please upload the Network Design PE Certification OR Certification from an in house engineer who designs and oversees the implementation of network designs in the regular course of business. Should an in-house engineer provide certification, please also provide details of such individual's expertise.	Upload
59	Project Scope	Management	Please upload the proposed network diagram for the proposed project.	Upload
60	Project Scope	Management	Please provide a detailed description of the proposed network.	Long Text
Bill of Materials				
61	Bill of Materials		Please list all materials including, but not limited to, Wi-Fi Access Points, Backhaul Radios (if needed), External Antennas (if needed), Mounting Hardware, Ethernet Cabling, COAX Cabling (if needed), Cable Management, Power over Ethernet (PoE) Equipment, Network Switch, Power Supply and Backup, Weatherproof Enclosures (if applicable), Surge Protectors, Network Security Hardware, and other related equipment determined by the grantee to be necessary for the project.	Upload
Project Budget				
62	Project Budget	Budget Overview	Land, structures, rights-of-way, appraisals, etc.	Number (Currency)
63	Project Budget	Budget Overview	Architectural and engineering fees	Number (Currency)
64	Project Budget	Budget Overview	Please upload the board resolution passed specifically allowing for the local government's contribution identified in question 62.	Upload
65	Project Budget	Budget Overview	Other architectural and engineering fees	Number (Currency)
66	Project Budget	Budget Overview	Project inspection fees	Number (Currency)
67	Project Budget	Budget Overview	Site work	Number (Currency)
68	Project Budget	Budget Overview	Demolition and removal	Number (Currency)
69	Project Budget	Budget Overview	Construction	Number (Currency)
70	Project Budget	Grant Experience	Equipment	Number (Currency)
71	Project Budget	Grant Experience	Miscellaneous	Number (Currency)
72	Project Budget	Grant Experience	Total	Number (Currency)
73	Project Budget	Grant Experience	Capital Projects Fund Funding	Number (Currency)
74	Project Budget	Grant Experience	Match Funding	Number (Currency)
75	Project Budget	Matching Capital	How much match funding has the applicant secured for this project?	Number (Currency)
76	Project Budget	Matching Capital	What is the source of match funding?	Long Text
77	Project Budget	Grant Experience	Please describe all funding sources used as Match Funding	Number (Currency)
78	Project Budget	Grant Experience	Other Federal Funding (non-CPF funding)	Number (Currency)
79	Project Budget	Grant Experience	Please describe all funding sources used as Federal Funding	Number (Currency)
80	Project Budget	Grant Experience	Total	Number (Currency)
81	Project Budget	Grant Experience	Please explain the estimated total project cost	Long Text
82	Project Budget	Matching Capital	Is any portion of the applicant's match funds being provided by a local government's ARPA allocation?	Radio button
83	Project Budget	Matching Capital	Please upload the proposed pricing structure (by associated download and upload speeds) for all broadband services to be offered in association with the project	Upload
84	Project Budget	Grant Experience	How long do you plan to keep this proposed pricing structure?	Short Text
85	Project Budget	Matching Capital	Please upload financial metrics with grant funding and financial metrics without grant funding.	Upload
86	Project Budget	Matching Capital	Please explain in detail the additional public benefit and justification for using Capital Projects Funds in addition to previously secured federal funds to complete this project.	Long Text

Project Affordability				
87	Project Affordability		Provide applicant's service offerings and price points.	Long text AND Upload
88	Project Affordability		Describe how service offerings and price points meet unique needs of economically disadvantaged households.	Long Text
89	Project Affordability		Does the applicant provide special rates and discounts for devices that enable remote learning?	Select
Project Sustainability				
90	Project Sustainability		Describe how the proposed project will be sustainable and improve the service available. This description may also include a discussion of possible growth potential that is outside the commitment made by the applicant as part of the grant application.	Long Text
91	Project Sustainability		Does the applicant commit to sustain the project for at least five years?	Radio button
Community Engagement Impact				
92	Community Engagement Impact	Community Benefit	Please describe how this project supports the program objectives and previous broadband planning efforts in the proposed project area.	Long Text
93	Community Engagement Impact	Community Benefit	Please describe how this project fits into an existing community strategic plan.	Long Text
94	Community Engagement Impact	Community Benefit	Please provide recent survey data that covers broad spectrum of community with statistically meaningful results regarding level of need and gaps.	Upload
95	Community Engagement Impact	Community Benefit	Please describe the proposed project's impact on public safety, workforce training and development, employment search, and other economic advances.	Long Text
96	Community Engagement Impact	Community Benefit	Please describe the workforce development efforts that have been recently undertaken as well as those efforts planned for the future.	Long Text
97	Community Engagement Impact	Community Engagement	Please upload evidence of any community support. This may include, but is not limited to, "personalized" letters of support, attendance at events/meetings demonstrating community engagement at-large, resolutions from local governments, and planning/organizing events for community members.	Upload
98	Community Engagement Impact	Community Engagement	Please describe the applicant's engagement with stakeholders outside of the project team, which may include residents, businesses, community leaders, project partners, elected officials, community broadband task force, etc.	Long Text
99	Community Engagement Impact	Community Engagement	Please describe the plan to include local hires and provide opportunities for local hires such as apprenticeship programs, job fairs, and training programs.	Long Text
100	Community Engagement Impact	Community Statistics	Indicate the number of residences that will have access to available service as a result of the project.	Number
101	Community Engagement Impact	Community Statistics	Indicate the number of businesses that will have service available as a result of the project.	Number
102	Community Engagement Impact	Community Statistics	Indicate the number of farmers or agricultural use customers that will have service available as a result of the project.	Number
103	Community Engagement Impact	Community Statistics	Indicate the number of community anchor institutions that will have service available as a result of the project.	Number
